

GRANGE PRIMARY SCHOOL BEHAVIOUR MANAGEMENT POLICY 2016

At Grange we are currently developing Restorative Justice and approaches. One of the actions we wish to take is to completely review and change the behaviour management policy, forming a Behaviour Development Policy, which will be based on using restorative approaches, however while the project is in its early stages, we are reluctant to rush the new policy.

Therefore, on 15th October 2016, the Curriculum Committee governors decided the 2015 Behaviour Management Policy should be extended until March 2017 at the latest, while the school develop their new policy and procedures in liaison with governors and Restorative Justice professionals.

Should parents or carers wish to see the current policy it is on the website, or a paper copy may be requested from the office (there may be a charge for copying).
