26 May 2017

Dear Families

Temporary changes to the school entrance

When the children return from the half term break on Tuesday 6 June 2017, the main school entrance will be blocked due to drainage work being undertaken by the contractors. As a result, access to and from the school will be from Webb Street along the passageway located beside the Oxford and Bermondsey Club and the new school house. Access to the building will be across the playground through the doors at the back of building near the children's bike rack. This will be the case for up to three weeks.

The entrance from Webb Street is narrower than the main gate we are used to and at high traffic times of the day there will be some congestion. School staff and Brian, our Crossing Patrol Officer, will be deployed at the entrance throughout the day. Please follow instructions from staff to help ease congestion. On occasion, when dropping children off, it may be necessary for parents to leave them at the gate, staff will be available to ensure they make their way to the building.

For this period, we are requesting that parents avoid as far as possible arranging appointments for the dentist, doctor, etc. during school hours. If you do have to visit the school during the day or collect a child outside of normal pick up times you will still have to buzz through to the office in order to gain access. For security and health and safety reasons, once inside the gate you will be escorted through the playground and met by a member of staff before entering the building.

Whilst we sincerely apologise for any inconvenience these arrangements may cause you, we are pleased that our building works are moving ahead to the next phase. Rest assured we have the safety and wellbeing of our children and families as the highest priority.

Please bear with us while these essential works are carried out.
