1. Farewell my own true love

Farewell a little while

I'm goin' away but I'll come again

Though I go ten thousand mile.

2. Ten thousand mile my love

Through England, France and Spain

My rovin' mind will never rest

Til I see your face again.

Farewell My Own True Love – track

2

3.O have you seen that dove
That flies from vine to vine?
A- mournin' for its own true love
Just as I will mourn for mine

4.Farewell my own true love
Farewell a little while
I'm goin' away but I'll come again
Though I go ten thousand mile.

Brave – track 3 page 1

You can be amazing

You can turn a phrase into a weapon or a drug

You can be the outcast

Or be the backlash of somebody's lack of love

Or you can start speaking up

Nothing's gonna hurt you the way that words do

And they settle 'neath your skin

Kept on the inside and no sunlight

Sometimes the shadow wins

Brave – track 3 page 2

But I wonder what would happen if you
Say what you wanna say
And let the words fall out
Honestly I wanna see you be brave

With what you want to say
And let the words fall out
Honestly I wanna see you be brave
I just wanna see you
I just wanna see you
I just wanna see you
I wanna see you be brave x2

Brave – track 3 page 3

Everybody's been there, everybody's been stared
down

By the enemy

Fallen for the fear and done some disappearing

Bow down to the mighty

Don't run, stop holding your tongue

Maybe there's a way out of the cage where you live

Maybe one of these days you can let the light in

Show me how big your brave is

Say what you wanna say etc

Brave – track 3 page 4

And since your history of silence
Won't do you any good
Did you think it would?
Let your words be anything but empty
Why don't you tell them the truth?

Say what you wanna say etc

I just wanna see you etc

In Our Hands – track 6 page 1

Somewhere a girl is laughing
Holding her mother's hand
Somewhere a boy is playing
Making footprints on the sand
Somewhere a baby's hungry
And I just don't understand
Why some of us have plenty
Some of us have none
Let us raise our voices
And sing for everyone

In Our Hands – track 6 page 2

Chorus

Hand in hand we'll make a journey
Hand in hand this world can be
A place we all believe in
Where every child is free
Though each of us is special
And everyone unique
We will join with one another
And as one our voices speak
We will find our way together
Reaching out across the lands
Every one of us believing
That the future's in our hands

In Our Hands – track 6 page 3

Somewhere a girl is reading
Slowly the pages turn
Somewhere a boy is writing
And his story we will learn
Somewhere a child is slaving
And there's nothing he will earn
While some of us have chances
Others will have none
Let us raise our voices
And sing for everyone
Chorus (Hand in hand we'll make a journey)

In Our Hands – track 6 page 4

Somewhere a girl is working

Fingers are tired and sore

Somewhere a boy is fighting

In a country torn by war

Somewhere a baby's dying

And we simply can't ignore

Why some of us have freedom

Others live in fear

Let us raise our voices

And let the whole world hear

Chorus (Hand in hand we'll make a journey)

Riversong – track 7 page 1

River rushing down the mountainside,
River racing with the breeze,
Lead me through the forest and the trees.

River rolling on a rocky bed,
River running 'round the bend,
Take me to a quiet journey's end.

River, run me to the ocean.
River, take me to the sea.
River, show me to a distant shore.
River run!
Set my spirit free.

Riversong – track 7 page 2

River, roaring through a craggy glen,
River rushing to the tide
You will be my refuge and my guide.
River, reaching out for many miles
Though the journey will be long
Grant the will and courage to be strong.

River, run me to the ocean.
River, take me to the sea.
River, show me to a distant shore.
River, run! Set my spirit free.

Riversong – track 7 page 3

Even in the darkness, even in the night,
Lead me through the shadows,
To the morning light!

River, run me to the ocean....etc

River run

River run

River run

Set my spirit free

River rushing down the mountainside

Deep river

Set me free

River rushing down the mountainside

Deep river

Free

From the Daily Courant, July 19th, 1717 Track 8 – page 1

On Wednesday evening at eight o'clock
July 19th in the seventeenth hundreds,

The King took Water at Whitehall
King George took Water at Whitehall!

In an open barge with the Duchess of Bolton
Musicians and their instruments
Sounding out in harmony :

Handel's Water Music!

From the Daily Courant, July 19th, 1717 Track 8 – page 2

Up and down the river Thames, one, two, and three,
Repeat that lovely music for all to hear and see.

Play it again! Play it again!

Play it again! Please play it again!

What a special sight!

And they drifted down the river Thames
making music through the night.

Put a Little Love in Your Heart (tr 9)

Think of your fellow man, lend him a helping hand

Put a little love in your heart

You see, it's getting late, oh, please don't hesitate

Put a little love in your heart

And the world will be a better place

And the world will be a better place for you and me

You just wait and see

Another day goes by, and still the children cry

Put a little love in your heart

If you want the world to know, we won't let hatred
grow Put a little love in your heart

And the world will be a better place

And the world will be a better place for you and me

You just wait and see. Wait and see

Put a Little Love in Your Heart (tr 9)

Take a good look around and if you're lookin' down

Put a little love in your heart

I hope when you decide kindness will be your guide

Put a little love in your heart

And the world will be a better place

And the world will be a better place for you and me

You just wait and see

Put a little love in your heart
