Monday 7 September 2020

Dear Grange Families,

The calendar year 2020 is like none we have seen before and hope we will not see again. It has challenged our way of life and impacted on our health and general wellbeing like nothing we have ever seen. The COVID-19 pandemic meant that the vast majority of our Grange children have been unavoidably out of school since March, something which has no doubt affected learning and development.

As the new school year begins and we welcome the children back to school, the Governing Body would like to extend huge thanks to the staff of Grange Primary School for all the work and effort that have been put into preparing the school for the safe return of the children and to ensure their learning and development can take place in a safe environment.

To the parents, families and our community, all the staff at Grange Primary School are looking forward to restart the learning with your children. We know that many of you may be worried about your children and the situation regarding coronavirus and COVID-19 but please be assured that the staff have worked hard to create a COVID-19 safe environment for the children to learn, play and develop. Building upon some necessary changes that were introduced after we last had all the children in school, you will notice that we are doing a number of things differently. You may be already aware of these changes all of which are intended to keep everyone safe and we very much hope you will cooperate with us and follow the new procedures we have put in place.

It is a challenging and uncertain time for all of us but together we can and will navigate our way through.

WELCOME BACK GRANGE FAMILIES!

With best wishes.

Earl Legister
Chair of Governors
