

Task

Task 1: Answer the questions below

1. Find the percentages of 200

50%:

25%:

75%:

10%:

20%:

30%:

2. There are 180 pupils at Wood Lane Primary School.

a) 75% of pupils walk to school. How many walk to school? (Remember 75% is the same as $\frac{3}{4}$ so you can divide 180 by 4 equal sections)

b) 20% ride their bike. How many ride their bikes to school? (Hint: Find 10% and multiply the answer by two)

c) 5% take the bus. How many take the bus? (hint Find 10% and then divide the answer by 2)

Task 2

Are the following statements true or false

Would you say.....?

1) $\frac{1}{2}$ of 120 is equal to 60

4) $\frac{1}{2} \times 120$ is equal to 60

2) $\frac{50}{100}$ of 120 is equal to 60

5) $\frac{50}{100} \times 120$ is equal to 60

3) 50% of 120 is equal to 60

6) $50\% \times 120$ is equal to 60

1.

2.

3.

4.

5.

6.
