Thursday 9 April 2020

Dear Grange Family,

Firstly, I hope this letter finds all our children well and happy! The last few weeks have been strange and certainly the time in school has been very different. I am very proud of our children, our staff and our families who have all risen to the challenge of what is in front of us. In a very short space of time we have found a way of working and supporting each other that is very different from what went before.

I am confident that by now you have set up a routine that suits your family and stick to it. The teachers have been great assigning your child with activities through our online learning platforms and giving you all lots of ideas on our HOME LEARNING webpage. I am sure you will join me in saying a massive thank you to our wonderful Grange staff!

Of course, as it is now the Easter Holidays we want everyone to take a little break from their work!

Once again, thank you parents and carers for the tremendous job you are doing looking after your families, supporting your children with the home learning and also providing support for those who are working so hard on the frontlines. There is no doubt that this puts you under immense pressure, but I hope that you look after yourself! Minimising stress is absolutely vital in a time like this for mental health. So, if you are finding it difficult sometimes getting your child to do their work set by their teacher do not worry, we appreciate the challenges you are facing.

Take care of yourself and your children. Stay safe, stay at home and we will be back in contact before the end of the Easter holidays.

Best wishes,

A handwritten signature in cursive script that reads "DValcheva".

Diana Valcheva
