ISSUE 2

FRIDAY 18TH SEPTEMBER 2020

Dear Grange families,

It has been a busy, but fun week at Grange Primary School.

'Be READY, Be RESPECTFUL, Be SAFE'.

As part of the children's transition into school, teachers have been working with their classes to establish class charters and reflecting on our three simple rule that are based around three statements: **'Be READY, Be RESPECTFUL, Be SAFE'.**

Here we are- Oliver Jeffers

Children across the school have been completing work related to the book 'Here we are- Notes for living on Planet Earth'. This is an inspiring book by Oliver Jeffers. The book has been perfect for allowing children to reflect on their place in the world and the impact that the pandemic has had on them personally. It is also a great stimulus for creative writing.

Reminders

We would like to thank all parents for supporting us in achieving such a smooth start to the school year. We appreciate how accommodating and supportive you have been.

- As part of Covid-19 safety guidelines we are requesting that all parents drop off and collect their children in a timely manner and moving on quickly.
- As part of our risk assessment, children should not bring in any additional items from home such as water bottles, pencil cases or books.

Best wishes from the Grange Team.

Our uniform

Please remember to order our new uniform online by following the link below.

Star

Children in Star Class have been settling happily into their new learning environment. Children have explored their new classrooms and outdoor area, and they are having lots of fun. Here some of the children are discovering the large sinks, engaging in water play.

Mercury

This week Mercury Class have been doing a lot of fantastic work using the book 'Here We Are'. The children have been learning how to use describing words to describe the land, sea and sky. Some of the children used fantastic vocabulary such as massive, pointy, bendy and slippery to describe what they see.

Well done Mercury Class

Mars

Mars Class have settled very well into school. We have been learning about how we are all unique but if we work together we can create a masterpiece! The children enjoyed creating their special hands which describe themselves.

Jupiter

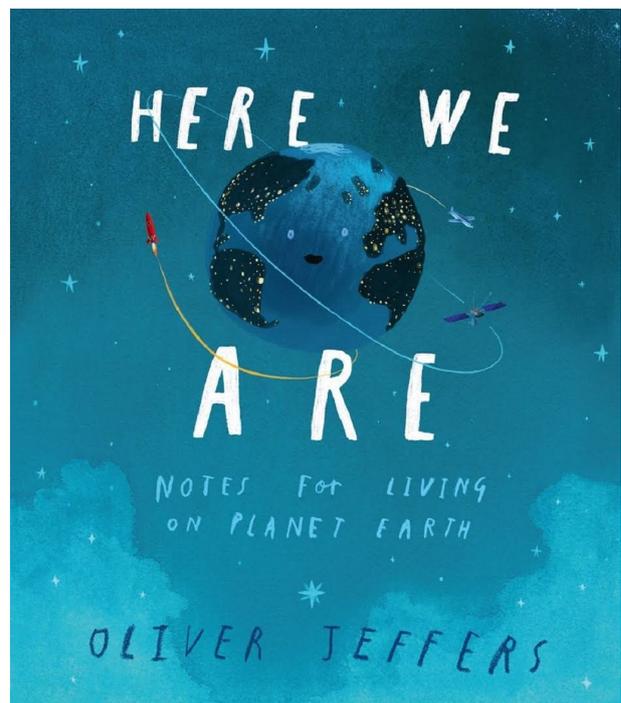

This week in Year 3 the children have had their second chess lesson, they have been learning about each piece and what they can do. They engaged well and practised moving the pieces themselves. In English this week the children have been talking about a person or pet that is special to them and started writing a letter to them using adjectives and descriptive phrases. In maths this week year 3 have been practicing comparing numbers up to 100 and have been practicing place value of 3 digit numbers.

A very good start to the year!

Supernova

Supernova Class has been working hard on our new book which is called 'Here we Are' By Oliver Jeffers. We have really enjoyed reflecting on our own knowledge about the world and how special it is. We have created some brilliant poems this week all focused on our very own special place.

Neptune

We have had a fantastic return back to school. We have continued to focus on the book 'Here we are'. As a class, we have discussed some difficult issues, which have happened around the world. We have discussed the concept of equality, equity and liberation. We also discussed the school values and British values and how we can show these values daily.
Well done Neptune!

Aurora

Aurora Class have been writing poems about their favourite place. They had to think about details such as whether it was a warm or cold place, the colours associated with this place, as well as the feeling that the place evokes.

ATTENDANCE & PUNCTUALITY

School Year	Highest by Class	%
2020-2021		
Attendance	Whole School	94.5%
Key Stage 1	Venus	96.9%
Key Stage 2	Neptune	98.9%
