## Sexual Violence and Harassment in Schools- (June 2021)

Last year, OFSTED completed an investigation into sexual harassment in schools and colleges. After speaking to over 900 pupils of all ages, the review revealed how prevalent sexual harassment and online sexual abuse are for children and young people. The report said that for some children, incidents are so commonplace that they see no point in reporting them. Girls told OFSTED that sexual harassment and online sexual abuse, such as being sent unsolicited explicit sexual material and being pressured to send nude pictures ('nudes'), are much more prevalent than adults realise. For example, nearly 90% of girls, and nearly 50% of boys, said being sent explicit pictures or videos of things they did not want to see happens a lot or sometimes to them or their peers.

### What is sexual harassment?

Sexual harassment in general is any unwanted sexual attention that can cause physical, emotional, mental, psychological or economic harm to the victim. It can happen both online or offline.

### Does this happen in primary schools?

Boys and girls mix together in every social environment, at every age and many children will never experience sexism, harassment or abuse based on gender. It is important that we teach all children (both boys and girls), of all ages, what is acceptable interaction and what is not, and then what they must do if any unwanted attention happens to them. The report recommended that school leaders should create a culture where sexual harassment and online sexual abuse are not tolerated, and where they identify issues and intervene early to better protect children and young people.

### What do we do at Grange Primary School?

At Grange Primary School, we encourage children to be open about their experiences so that they know it is always safe to disclose concerns to a trusted adult. We aim to create an environment that teaches boys and girls how to behave respectfully towards each other, and how to respect personal and physical boundaries. Through our Jigsaw lessons, we ensure the children develop an age-appropriate awareness of this theme, including understanding how to show respect to themselves and others. If children understand their own bodies, the terminology to use and why certain words are not appropriate, they will speak more knowledgeably and respectfully to each other.

## Safeguarding Curriculum

We believe that one of the best ways to safeguard children, is through equipping them with the knowledge and skills for how they can keep themselves safe. Safeguarding themes are threaded through our curriculum and the enrichment opportunities we offer in school.

Some examples include:

- Our 'Jigsaw' scheme which is delivered from Nursery to Year 6
- Online safety discussions in computing lessons
- Links with the NSPCC (assemblies etc.)
- Involvement in Anti-Bullying week
- Themed safety events (e.g. Cycle Confidence)
