- Are there ways we could be healthier?
- Does Calm Me time help you to stay calm?

In this Puzzle the class look at the risks linked to smoking and how this affects the lungs, liver and heart. They do the same with the risks associated with alcohol misuse. They are taught a range of basic emergency procedures (including the recovery position) and learn how to contact the emergency services when needed. The children look at how body types are portrayed in the media, social media and celebrity culture. They also talk about eating disorders and people's relationships with food and how this can be linked to negative body image pressures.
