

Year 1 Autumn 2 Homework

Dear Children and adults,

Welcome back! We have had a brilliant start to the half term and the children have settled back into their routine. We hope the children have slept well, eaten healthily and enjoyed their time at home. Below we have suggested activities that link to the work we will be doing in school this half term, including some ideas for children to develop their understanding of our different topics. The tasks can be completed by the children on their own or with an adult. Thank you in advance for all your support.

From Miss Lisa, Miss Jo and Miss Ellie

DATES

Date set:

WB: 6th November, 2023

Date Due:

WB: 18th December 2023

MATHS and READING

Weekly tasks are set on Mathletics and Reading Eggs, please make sure you log in to complete tasks set. If you are experiencing any technical difficulties on Mathletics and Reading Eggs please do let us know. We have sent login's home in their reading record or scrap book.

Maths: We are focusing on Addition and Subtraction and Geometry (shape).

Reading: Please also remember to read for at least 10 minutes each day and get an adult to sign your reading record. We will change their books when we feel like they are secure in these sounds. Please ensure that your child comes to school every day with their reading record and books that have been given to them from us.

Reading, Writing, Topic and Science

You have this scrap book to use to complete your homework project. Over the next six weeks complete some of these activities or make some up of your own.

History

Our topic this half term is '*Life in the Past, compared to now.*' Ask members of your family about their childhood, perhaps a toy they played with or what their home looked like. Write down these fact and try to find a photo of this and add to your scrapbook.

Science

We are looking at materials in Science and to link this with Topic, research different materials toy were made from in the past, and compare them to now. What materials are better and why? Add photos!

CHALLENGE!

Can you bring something in from past that could be on display in class and spoken about. This could be a picture, of your grandparents with something from the past or even the actual object itself. This could be- toys, old technology, phones, clothing..

Art and D.T

Can you create a toy or transport from the past? This can be drawn, 3D model, painted or sewed. Be imaginative.

PHONICS AND SPELLINGS

Please keep practising your phonics at home, we are now focusing on Phase 5 phonics. High frequency words will be sent home each week for you to practice too.

Days out and Trips

This half term part of our learning is about transport so you could visit the London Transport Museum. The Science Museum has free entry and you can find some past and present objects on display that might be of interest to you such as cars.
