

What will I learn by the end of this topic?

- I will learn how to create a clear design
- I will learn how to create a stable structure
- I will know how to create an arctic background using a range of materials

★ Color Mixing Chart

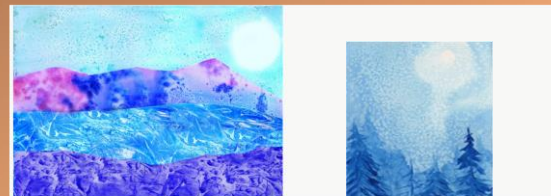

How to blend chalk pastels to create an arctic background

The easiest way to blend chalk pastels is to draw your image and add the colours next to each other, or layer them. You then use your first two fingers to gently blend them together. If you think this is a bit messy, you can use a cotton bud or cotton ball.

Experiment with paint/ salt/ charcoal and chalk to create an arctic background

Vocabulary

Warm and cool colours 	Warm colours, such as red, orange, and yellow, are associated with energy and evoke feelings of warmth and enthusiasm, while cool colours, like blue, green, and purple, create a sense of calmness and tranquillity.
Tone 	In art, tone refers to the degree of lightness or darkness of a color or the overall value scale used in a composition.
Bend 	To apply force to make something straight or curved change its shape and form a curve or angle.
Chalk pastels 	A soft powdery material that can be used (often blended) to create a variety of effects on surfaces such as paper, wood, card or canvas
Twist 	To rotate or turn something in opposite directions
Structure 	The overall layout or design, or the internal constitution and composition of something
Join 	The act of connecting or combining different elements or materials together to create a unified composition
Durable	something that is able to withstand wear, damage, or decay over time and continue to function or remain in good condition.
Line 	a long, narrow mark or band.

An artist to look at:

Ted Harrison

Harrison's artwork often depicted winter scenes with snowy mountains, frozen lakes, and cozy cabins. He used bold, bright colors and simplified shapes to create his distinctive style. His paintings are full of energy and movement, making them visually appealing to children.

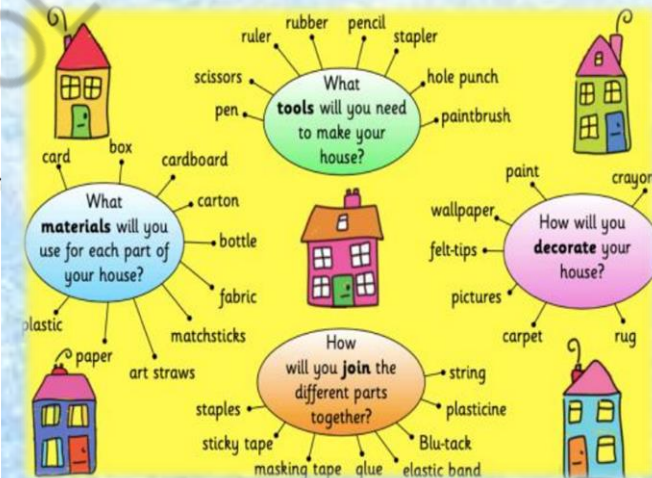

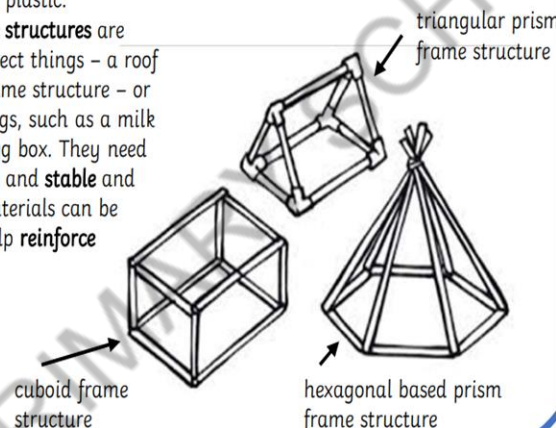

In addition to painting, Harrison was also an author and illustrator of children's books. Some of his well-known books include "A Northern Alphabet," "The Cremation of Sam McGee," and "The Shooting of Dan McGrew."

Technical Knowledge

Frame Structures

There are different ways you can assemble **frame structures**. They could be made from **materials** such as wood, cardboard, paper, metal or plastic.

Some **frame structures** are used to protect things – a roof can be a frame structure – or to hold things, such as a milk carton or egg box. They need to be strong and **stable** and different materials can be added to help **reinforce** them.
